

# DHY 307

## GROUND LASER TARGET DESIGNATOR

### FOR SPECIAL FORCES, FAC, JTAC

- NATO and NON-NATO laser guided weapons
- Extremely stable laser performance
- Observation and target location
- Unlimited duration of illumination
- Range finding up to 20 km
- Direct view with a tilted aiming eyepiece

**LASER TARGET  
DESIGNATOR**

# DHY 307

## MASTERING SURGICAL STRIKE

### Main modules

- Designation/range finding unit
- Pan & tilt head
- Tripod
- Battery
- Remote control unit

### Accessories

- See spot tracker
- Laser pointer
- Radio remote control
- Electronic goniometer
- GPS
- Ask for CILAS wide portfolio

### GENERAL PARAMETERS

WEIGHT	< 8 kg
OPERATING TEMPERATURE	-40 °C a +50 °C

### DESIGNATION PARAMETERS

OUTPUT ENERGY	> 80 mJ
BEAM DIVERGENCE	< 0,35 mrad
DETECTION RANGE	> 10 km
RECOGNITION RANGE	up to 5 km
IDENTIFICATION RANGE	3,3 km

### LASER RANGE FINDER PARAMETERS

DISTANCE	20 km
EXTINCTION RATE	> 37 dB

Compatible with various thermal imagers

High precision targeting with goniometer
